- There is no AMSR2 image available today to download from the [http://www.iup.uni-bremen.de:8084/amr2data/asi\\_daygrid\\_swath/n3125/2016/may/NorthWestPassage/](http://www.iup.uni-bremen.de:8084/amr2data/asi_daygrid_swath/n3125/2016/may/NorthWestPassage/) web page at this time (07:28 EDT). I wrote to the Institute of Environmental Physics, PHAROS - Physical Analysis of RemOte Sensing images at the University of Bremen to get more information about that.
